Motorcycling Ireland's Policy Statement

Motorcycling Ireland is fully committed to safeguarding the well being of its members.

Every individual in the organization should at all times, show respect and understanding for members rights, safety and welfare and conduct themselves in a way that reflects the principles of the organisation and the guidelines contained in the Code of Ethics and Good Practice for Children's Sport in Ireland.

Motorcycling Ireland's CODE OF CONDUCT Guiding Principles

The guidance given in this code of ethics is based on the principles set out in the following publications:

**“Code of Ethics and Good Practice for Children’s Sport”,
Irish Sports Council**

**“Children First” National Guidelines for the Protection and
Welfare of Children, Dept of Health Children 1999.**

“Our Duty to Care” Dept of Health Children 2002 .

**The aim of this code is to promote best practice by everyone
involved in the sport of Motorcycling and to provide a safe,
healthy, enjoyable environment for young members**

Motorcycling Ireland's Core Values In Young People's Sport

Integrity in relationships:

Adults interacting with children in sport should do so with integrity and respect for the child. There is a danger that sporting contexts can be used to exploit or undermine children. All adult actions in sport should be guided by what is best for the child and in the context of quality, open working relationships. Verbal, physical, emotional or sexual abuse of any kind is unacceptable within sport of Motorcycling..

Fair Play:

All children's sport should be conducted in an atmosphere of fair play. Ireland has contributed and is committed to the European Code of Sports Ethics, which defines fair play as: "much more than playing within the rules". It incorporates the concepts of friendship, respect for others and always playing with the right spirit. Fair play is defined as a way of thinking, not just behaving. It incorporates issues concerned with the elimination of opportunities, excessive commercialization and corruption. (European Sports Charter and Code of Ethics, Council of Europe, 1993).

Quality atmosphere and ethos:

Children's sport should be conducted in a safe, positive and encouraging atmosphere. A Child centered ethos will help to ensure that competition and specialisation are kept in their appropriate place.

Competition

Too often competitive demands are placed on children too early and may result in excessive levels of pressure on them.

Equality:

All children should be treated in an equitable and fair manner regardless of age, ability, sex, religion, social and ethnic background or political persuasion. Children with disability should be involved in sports activities in an integrated way, thus allowing them to participate to their potential alongside other children.

Leaders in children's sport should strive to create a positive environment for the children in their care. They have an overall responsibility to take the steps necessary to ensure that positive and healthy experiences are provided.

Adult to Adult – includes verbal aggression towards other adults in order to achieve a beneficial outcome for own self or own child.

Child to Adult - includes repeated gestures or expressions of a threatening or intimidating nature by an individual child or a group of children.

Motorcycling Ireland Policy: Coaches/Selectors/Team Managers:

Motorcycling Ireland recognises the key role coaches, selectors and team managers play in the lives of children in sport. Motorcycling Ireland has adopted the principles Irish Sports Council's "Code of Ethics and Good Practice for Children's Sport."

All Coaches/Selectors/Team Managers should have as their first priority the children's safety and enjoyment of the sport and should adhere to the guidelines and regulations set out in the Motorcycling Ireland's Code of Practice.

Coaches must respect the rights, dignity and worth of every child and must treat everyone equally, regardless of sex, ethnic origin, religion or ability.

Motorcycling Ireland will take all reasonable steps to ensure that people working with young people in Motorcycling are suitable and appropriately qualified. Assessment procedures are therefore necessary and these procedures apply to all persons, paid or unpaid, with substantial access to young people.

There must be a "sign-up" procedure, whereby the appointed/reappointed coach/selector/team manager, agrees to abide by the "Code of Ethics and Good Practice for Children in Sport" and to the policies and code of Motorcycling Ireland.

Leaders should familiarise themselves with the *Code of Ethics and Good Practice for Children's Sport* and with *Motorcycling Ireland's Code of Conduct* and follow the procedures if they suspect or receive complaints of abuse of any sort.

Upon qualification all Coaches should be required to sign a Coaches Charter prior to receipt of their Certificate.

When travel/overnight travel is involved, the Coach/Selector/Manager/Volunteer travelling with children must sign a separate agreement. Parents will also be asked to sign permission forms in these instances.

All adults taking responsibility for children in sport should undergo a recruitment process. Before recruitment, terms of reference should be drawn up and these should clearly state:

- a. The responsibilities of the role,
- b. The level of experience/qualifications required.
- c. Motorcycling Ireland's commitment to the ISC Code.

Potential coaches/selectors/team managers must complete an Application/Assessment form. – See appendix 2.

References will be needed and will be followed up.

Potential appointees should be made aware of the following publications

- Motorcycling Ireland's Code of Practice which can be downloaded at the following link:
www.motorcycling-ireland.com
- Code of Ethics & Good Practice in Children's Sport from the Irish Sports Council which can be downloaded using the following link:

Guidelines for Coaches:

A coach of juvenile children's team(s) has a duty of care, which is more onerous than that of a coach to an adult team.

A coach must act as a role model and promote the positive aspects of sport and of Motorcycling and maintain the highest standards of personal conduct.

The use of drugs, alcohol and tobacco must be actively discouraged as being incompatible with a healthy approach to sporting activity.

Remember your behavior to players, other officials, and opponents will have an effect on the players in your care.

Be generous with praise and never ridicule or shout at players for making mistakes or for losing an event. All young players are entitled to respect.

Be careful to avoid the "star system". Each child deserves equal time and attention.

Care must be taken not to expose a child intentionally or unintentionally to embarrassment or disparagement by use of sarcastic or flippant remarks about the child or his/her family.

Physical punishment or physical force must never be used. Never punish a mistake - by verbal means, physical means, or exclusion.

Insist that players in your care respect the rules of the sport. Insist on fair play and ensure that your players know that you will not tolerate cheating or bullying behavior.

Remember that young riders play for fun and enjoyment and that skill and riding for fun have priority over highly structured competition.

Never make winning the only objective.

Encourage the development of respect for opponents, officials, selectors and other coaches and avoid criticism of fellow coaches.

It is important to realise that certain situations or friendly actions could be misinterpreted by the participant or by outsiders.

Motorcycling Ireland coaches are responsible for setting and monitoring the boundaries between a **working** relationship and **friendship** with riders. It is unadvisable for coaches to involve young riders in their personal life i.e. visits to coaches home or overnight stays..

When young riders are invited into adult groups, it is advisable to get agreement from a parent/carer. Boundaries of behavior in adult groups are normally different from the boundaries that apply to junior Children's groups. The

team leader or senior coach should nominate one adult member of the group to take particular responsibility for the underage riders. Where necessary, two adult members, one of each gender, can be appointed.

Motorcycling Ireland coaches who become aware of a conflict between their obligation to their riders and their obligation to their governing body must make explicit the nature of the conflict and the loyalties and responsibilities involved, to all parties concerned.

Motorcycling Ireland coaches should set realistic goals for the team and for the individual players and do not push young riders. Create a safe and enjoyable environment.

Do not criticise other officials, coaches, and selectors. You are the role model for the children in your care.

Avoid working alone and ensure there is adequate supervision for all activities.

Avoid giving advice of a personal or medical nature – if you are not qualified to do so. Any information of a personal or medical nature must be kept strictly confidential unless the welfare of the child requires the passing on of this information.

Leaders/coaches should communicate and co-operate with medical and ancillary practitioners in the diagnosis, treatment and management of their riders' medical or related problems.

It is advisable to:

Record attendance at training.

Keep a brief record of injury(s) and action taken.

If behavioral problems arise and a young player has to be disciplined, keep a brief record of problem/action/outcomes.

The nature of the relationship between coach and player can often mean that a coach will learn confidential information about a riders or rider's family. This information must be regarded as confidential and except where abuse is suspected, must not be divulged to a third party without the express permission of the rider/family.

Coaches must be particularly careful about their use of alcohol, before coaching, during events, on trips with young riders

Coaches should familiarise themselves with the Code of Ethics and Good Practice for Children's Sport and with the Motorcycling Ireland Code of Conduct and follow the procedures if they suspect or receive complaints of abuse of any sort.

Do:

- **Be Positive** during an event, praise and **encourage effort** as well as results
- Plan and prepare appropriately
- Put welfare of young person first, strike a balance between this and winning/results
- Encourage fair play, treat participants equally
- Recognise developmental needs
- Be Qualified and up-to-date with knowledge and skill of sport for young people
- Involve parents where possible and Inform parents when problems arise
- Keep record of attendance at training

- Keep a record of any specific medical conditions of the participants
- Keep a record of emergency contact numbers for parents / guardians
- Ensure appropriate gear is used
- Know the contact numbers of emergency services
- If an incident occurs, make a brief record of injury and action taken. Make a brief record of the problem/action/outcome. Contact the participants parents and keep them informed of all details
- Officials should ensure the conduct of the event
- Participants should know and keep the rules of their sport.
- Coaches should hold appropriate qualifications required by the governing body
- Have adequate insurance cover for all activities
- Make parents/guardians aware of their duty to be present at the events

Physical Contact.

Physical contact during sport should always be intended to meet the child's needs – NOT the adult's.

Adults should use appropriate contact which is aimed at assisting the development of the skill or activity or for safety reasons e.g. to prevent or treat an injury. This should be done in an open environment with the permission and understanding of the participant.

In general

- Contact should be determined by the age and development stage of the participant don't do something that a child can do for itself.
- Never engage in inappropriate touching such as touching of groin, genital areas, buttocks, breasts or any other part of the body that might cause a child distress or embarrassment..

Motorcycling Ireland Policy: **Recruitment/Appointment: Volunteers/Sports** **Leaders.**

Motorcycling Ireland will take reasonable steps to ensure that suitable people work with young riders. Procedures will be adopted for all persons with substantial access to young people.

There will be a “sign-up” procedure, whereby the newly recruited volunteer, agrees to abide by the “Code of Ethics and Good Practice for Children in Sport” and to the Motorcycling Ireland’s Policies and Code of Conduct.

All adults taking responsibility for children in sport should undergo a recruitment process and adults taking on a temporary coaching role should be aware of Motorcycling Ireland’s guidelines for coaches.

- Potential sports leaders must complete an Application/Assessment form – See Appendix 2
- Formal vetting procedures should be availed of.
- A decision to appoint an volunteer is the responsibility of the Club or Organisation and not of any one individual within it
- The club management/organisations executive should ratify all recommendations for appointment.
- Every effort will be made to manage and support appointed volunteers

Motorcycling Ireland Policy – Travelling with children

Guidelines/regulations for Coaches/officials/managers/volunteers.

Motorcycling Ireland recognizes the extra responsibilities taken on by coaches/officials/managers and volunteers when they travel with children to events. This responsibility is even more onerous when overnight stays are involved.

Cars used to transport players/teams: Those who use their own vehicles to transport players must ensure that they have adequate insurance cover and be careful not to carry more than the permitted number of passengers.

- Avoid being alone with one player (e.g. travelling to a venue or consulting/ advising in closed off room – If necessary leave the door open and be in earshot of others.
- Avoid unnecessary physical contact outside the normal coaching, technical area.
- Remember casual comment can be open to misconstruction.

At residential events the following rules should apply:

- Adults should not enter a player's room without first knocking
- All group socialisation should take place in communal areas (i.e. no boys in girls' rooms and vice versa).

Guidelines on use of Photographic and Filming Equipment at Competitions & Practice Sessions

Amateur photographers/film/video operators wishing to record an event or practice session should seek accreditation with the event organiser or leader of practice session.

During competitions or practice sessions, children must not be photographed or filmed without their permission and the express permission of one of their parents or person acting for the parent. A record of the permission should be kept.

Professional photographers/film/video operators wishing to record an event or practice session should seek accreditation with the event organiser by producing their professional identification for the details to be recorded.

A record should be kept of accreditations.

This information should be published prominently in event programmes

Recommended wording:

“In line with the recommendation in the Motorcycling Ireland’s Code of Conduct, the promoters of this event request that any person wishing to engage in any video, zoom or close range photography should register their details with the organisers. On no account should children be photographed or filmed without their permission and the permission of their parents”.

Videeing as a coaching aid: Video equipment can be used as a legitimate coaching aid. However, permission should first be obtained from the rider and the rider’s parent/carer.

Anyone concerned about any photography taking place at events or training sessions can contact the organisers and ask them to deal with the matter.

Mobile phones with camera facilities should be strictly monitored in changing/Parking areas and a policy for their use within clubs/teams should be made known to all Concerned

Responding to Disclosure, Suspicions & Allegations

Motorcycling Ireland accepts that organisations, which include children as members, are vulnerable to the occurrence of child abuse and therefore there is a need for policies and procedures to deal with this issue. The safety of young people is everyone's responsibility.

False allegations of abuse can occur. However, if a young person says or indicates that he/she is being abused, or information is obtained which gives cause for concern that a young person is being abused, you should react immediately.

The Protection for Persons Reporting Child Abuse Act, 1998 provides immunity from civil liability to persons who report child abuse "**reasonably and in good faith**" to the Health Board or the Gardai (See 5.13.1 – ISC. Code). The act also covers the offence of "**false reporting**". This Act came into operation on 23rd January 1999. The main provisions of the Act are:

1. The provision of immunity from civil liability to any person who reports child abuse "reasonably and in good faith" to designated officers of Health Boards or any member of An Garda Síochána
2. The provision of significant protections for employees who report child abuse. These protections cover all employees and all forms of discrimination up to and including, dismissal
3. The creation of a new offence of false reporting of child abuse where a person makes a report of child abuse to the appropriate authorities "knowing that statement to be false". This is a new criminal offence designed to protect innocent persons from malicious reports.

This Law does not exist in Northern Ireland where any person wrongly accused can seek recourse under the laws of slander, libel or malicious prosecution

Each Motorcycling Club affiliated to Motorcycling Ireland should have clear procedures for responding to reports or concerns relating to the welfare and safety of children. All involved adults, children and parents/guardians should be aware of how to report, and to whom concerns should be reported, within the club/organisation. Copies of the Statutory Authority guidelines should be available in each club and copies are held at Motorcycling Ireland Office. Everyone involved in child protection matters should be aware of his/her responsibility to work in co-operation with the statutory child protection authorities.

The term "**Sports Leader**" means all adults, in a paid or voluntary capacity e.g. club helpers, tournament officials, coaches, team managers.

REPORTING OF SUSPECTED OR ACTUAL CHILD ABUSE

If a Sports Leader or a parent/guardian is uneasy or suspicious about a child's safety or welfare the following response should be made:

RESPONSE TO A CHILD REPORTING ANY FORM OF ABUSE

The following Actions should be taken:

- React calmly
- Listen compassionately and carefully –keep the questions to an absolute minimum, facilitating the child to tell about the problem.
- Take what the child is saying seriously.
- Remember the child has decided to tell about something very important and has taken a risk to do so.
- Reassure the child.
- If the nature of what the child is saying is unclear, use open, nonspecific questions such as "Can you explain to me what you mean by that";
- The child should be given some indication of what happens next - informing parents/guardians, health board or social services. It should be kept in mind that the child may have been threatened and may feel vulnerable at this stage.
- Carefully record the details.

The following actions should be avoided:

- Do not make promises of confidentiality – it may not be possible to keep that promise.
- Do not make a judgment or make negative comments about the alleged abuser
- Do not speculate or make assumptions
- Do not interview the child – do not probe for more information than is offered
- Do not approach the alleged abuser
- Do not allow your shock or distaste to show.

Reporting Child Abuse

It is not the responsibility of anyone working under the auspices of the Motorcycling Ireland, in a paid or voluntary capacity, or those working in affiliated organisations, to take responsibility or decide whether or not child abuse is taking place.

However, there is a responsibility to protect children in order that appropriate agencies can then make enquiries and take any necessary action to protect the young person.

Actions to Take:

- Observe and note dates, times, locations and contexts in which the incident occurred or suspicion was aroused, together with any other relevant information
- Report the matter as soon as possible to the person designated for reporting abuse (*the senior office holder, normally the Chairperson*). If the Chairperson has reasonable grounds (See 5.13.1 of ISC code) for believing that the child has been abused or is at risk of abuse, s/he will make a report to the health board/social services that have statutory responsibility to investigate and assess suspected or actual child abuse.
- In cases of emergency, where a child appears to be at immediate and serious risk and the designated person is unable to contact a duty social worker, the police authorities should be contacted. **Under no circumstances should a child be left in a dangerous situation pending intervention by the Statutory Authorities.** Make a record of the report.
- If the designated person is unsure whether reasonable grounds for concern exist or not, s/he should informally consult with the local HSE services. S/he will be advised whether or not the matter requires a formal report;
- A designated person reporting suspected or actual child abuse to the Statutory Authorities should first inform the family of their intention to make such a report, **unless doing so would endanger the child or undermine an investigation**
- A report should be given by the designated person to the Statutory Authorities in person or by phone, and in writing;
- It is best to report child abuse concerns by making personal contact with the relevant personnel in the Statutory Authorities.

Allegations Of Abuse Against Sports Leaders

Each club/group affiliated to the MCI should have agreed procedures to be followed in cases of alleged child abuse against Sports Leaders. If such an allegation is made, two procedures should be followed:

- The reporting procedure as outlined in “Reporting Child Abuse”.
- The procedure for dealing with the Sports Leader (below)

The following points should be considered:

- The safety of the child making the allegation and any others who are/may be at risk should be ensured and this should take precedence over any other consideration. In this regard, the sports club/organisation should take any necessary steps which may be immediately necessary to protect children
- If a Sports Leader is the subject of the concern s/he should be treated with respect and fairness

Steps to be taken within the Sports Organisation

Where reasonable grounds for concern exist the following steps should be taken by the club/organisation:

- Advice should be sought from the local HSE with regard to any action by the club deemed necessary to protect the child/children who may be at risk
- The matter should be reported to the local HSE following the standard reporting procedure outlined above
- In the event that the concern is connected to the actions of a Sports Leader in the club, the Sports Leader involved in the concern should be asked to stand aside pending the outcome of any investigation by the Statutory Authorities. *It is advisable that this task be undertaken by an appointed committee member other than the Designated person who takes the responsibility for reporting.*

The Sports Leader should be informed, in private

- That an allegation has been made against him/her,
- The nature of the allegation

S/he should be afforded an opportunity to respond. His/her response should be noted and passed on to the Health Service Executive personnel.

All persons involved in a child protection process (the child, his/her parents/guardians, the alleged offender, his/her family, Sports Leaders) should be afforded appropriate respect, fairness, support and confidentiality at all stages of the procedure.

Confidentiality.

Every effort should be made to ensure that confidentiality is maintained for all concerned.

Information should be handled and disseminated on a need to know basis only. Information should be stored in a secure place, with limited access to designated people.

The requirements of the Data Protection laws should be adhered to. Breach of confidentiality is a serious matter.

Anonymous Complaint

Anonymous complaints can be difficult to deal with but should not be ignored. In all cases the safety and welfare of the child/children is paramount. Any such complaints relating to inappropriate behaviour should be brought to the attention of the Designated Person. The information should be checked out and handled in a confidential manner.

Rumours

Rumours should not be allowed to hang in the air. Any rumours relating to inappropriate behaviour should be brought to the attention of the Designated Person and checked out without delay.

Disciplinary, Complaints and Appeals Procedure

All members who are dissatisfied are required to register their complaint in writing and an open process of investigation will be conducted and responded to in writing.

- Complaints may be lodged by all members of the organisation
- They should be received in writing by the Administrator of the organisation
- The complaint should outline all relevant details about other parties involved
- The complaint should be brought to the attention of the C.E.O who will convene the disciplinary committee
- If the complaint involves a criminal offence the designated person should disband the disciplinary committee. The statutory authorities should then be informed
- The disciplinary committee should hear the case of all parties involved and decide if a rule or regulation has been infringed
- They should, in writing, inform those involved of the sanctions to be imposed. Written notification should be given to parents if the complaint is against a junior member
- Keep all records on file
- If any party does not agree with the disciplinary committee they can appeal the decision in writing within 10-day period
- The appeals committee is convened, whose chairperson should be taken from the executive committee and those who have not been on the original disciplinary committee
- The appeals committee should confirm or set aside or change any sanction imposed by the disciplinary committee.

Motorcycling Ireland's Anti Bullying Guidelines

What is Bullying?

Bullying can be defined as repeated aggression, be it verbal, psychological or physical conducted by an individual or group against others. It is behaviour that is intentionally aggravating and intimidating and occurs mainly in social environments such as schools, clubs and other organisations working with children and young people. It includes behaviours such as teasing, taunting, threatening, hitting and extortion behaviour by one or more children against a victim.

How would you know if a child is being bullied?

All bullies operate using furtiveness, threats and fear. Bullying can therefore only survive in an environment where the victim does not feel empowered to tell someone who can help or in which it is not safe to do so. The following indicators are warning signs that a young person might be getting bullied: -

- Reluctance to come to a venue or take part in activities
- Physical signs – unexplained bruises, scratches, or damage to belongings
- Stress-caused illness – headaches, and stomach aches which seem unexplained
- Fearful behaviour – fear of walking to a meeting, going different routes, asking to be driven
- Frequent loss of, or shortage of, money with vague explanations
- Having few friends
- Changes in behaviour –withdrawn, stammering, moody, irritable, upset, distressed
- Not eating
- Attempting suicide or hinting at suicide own by nail-biting, fearfulness, tics

There are other possible reasons for many of the above

Who should deal with bullying?

While the more extreme forms of bullying would be regarded as physical or emotional abuse and are reported to the health board or An Garda Síochana, dealing with bullying behaviour is normally the responsibility of all Leaders within this club/organisation.

How can it be prevented?

- Ensure that all members follow the code of conduct, which promotes the rights and dignity of each member.
- Deal with any incidents as they arise.
- Use a whole group policy or 'no-blame approach', i.e., not 'bullying the bully' but working with bullies and the group of young people, helping them to understand the hurt they are causing, and so make the problem a 'shared concern' of the group, (see below)
- Reinforce that there is 'a permission to tell' culture rather than a 'might is right'
- Encourage young people to negotiate, co-operate and help others,

particularly new or different children

- Offer the victim immediate support and put the 'no blame approach' into operation
- Never tell a young person to ignore bullying, they can't ignore it, it hurts too much
- Never encourage a young person to take the law into their own hands and beat the bully at their own game
- Tell the victim there is nothing wrong with them and it is not their fault

What is the 'No Blame' Approach?

Step 1 – Interview with the victim

If you find that there has been an incident of bullying, first talk to the victim. At this stage find out who was involved and what the victim is now feeling. Try asking the following questions:

- Was it verbal or physical intimidation?
- How hurt is the victim
- Was it within his/her peer group?
- Ensure the victim that his/her name will not come out in the investigation
- Actively listen

Step 2 – Meet with all involved

Arrange to meet with all those involved; this should include some bystanders, those who may have colluded, those who joined in and those who initiated the bullying.

- Have a maximum of six to eight in the group – keep the number controllable
- Make a point of calling a 'special' meeting
- Ensure the severity of the topic is understood by all
- Speak only of the hurt caused in general terms with no reference to the victim
- Play on the conscience of all – ask questions like: How would you feel? Would you like it done to you?

Step 3 – Explain the problem

The distress being suffered as a result of the bullying incident is explained. At this stage the details of the incident or the allocation of the blame is not discussed. Explain the feelings of loneliness, feeling left out, rejected, laughed at. Try asking questions:

- Would they like it if it happened to them
- "Someone here in this group was bullied by someone within the group, what could we do to see it does not happen again?"
- Listen, watch out for reactions, and pick up on any without isolating anyone

Step 4 – Share the responsibility

Explain what steps / controls may have to be introduced to prevent further

incidents and how everyone will lose out as a result

Step 5 – Ask the group for their ideas

At this stage the group is encouraged to suggest ways that would make the victim feel happier. All positive responses are noted. Use phrases “if it were you” to encourage a response. Listen to all suggestions and note them

Step 6 – Leave it to them

Now the problem has been identified, solutions suggested, the problem is now handed over to the group to solve. Arrange to meet again in a week’s time. Pass responsibility over to the group and give a time frame within which something must be done

Step 7 – Meet them again

Each member of the group, including the bully, discuss how things are going, who is doing what and have there been other incidents. This allows for continual monitoring and also keeps all involved in the process.

Again enforce the idea of the ‘team’ looking after each other at regular intervals to ensure it is known that bullying or intimidating behaviour will not be tolerated.
